

AMONG THE EXCHANGES OF THE INLAND EMPIRE

Harmon Will Recover.
Information has reached here that the prospects of recovery of Henry Harmon, the young man who was accidentally shot on Salmon river several days ago, are exceedingly bright. For a period three doctors were in attendance upon him and at this time the patient is still with the patient. Additional information regarding the accident shows that Harmon had taken a rifle and gone hunting with companions when they became separated. Some time later Harmon dropped his gun and it was discharged by itself in contact with a rock, the bullet entering his hip and passing through his ribs. He fired his gun several times to signal his companions, but without success. He dragged himself a considerable distance to the cabin, and was found there two hours after the accident. He was in an unconscious condition, then in an unconscious condition, then in an unconscious condition.

Ritral of Joseph Bland.
At the next session of the district court, which convenes December 9, the second trial of Joseph Bland will be held upon the charge of being an accomplice in the murder of Emma Aubrey at Wardner two years ago this fall. Bland was tried at the term of court during the summer of 1903, and was found guilty of manslaughter. He was sentenced to 10 years in the penitentiary, the maximum penalty the law provided.

Snake River is Booming.
J. B. Bowden has just returned from the Snake river, where he was engaged in doing the assessment work on his copper claims. He says everything in that camp is very lively and that a great deal of work is being done. All are anticipating very prosperous times when the railroad is built from Baker City. Many properties can then be developed and put on the producing list. The weather in that section has been perfect with the flowers in bloom.—Baker City Democrat.

County Without a County Seat.
William Chandler of Orofino, says in the Lewiston Tribune, that Southem Shoshone county is now without a county seat, as word has been received from Wallace that all county business would be discontinued after November 19, while as yet Nez Perce

county officials state that they have not been officially informed of the addition of the new territory and the provision of the statute relative to the vote which decided the annexation of the territory only provides for the certified vote being forwarded to the governor.
"All legal matters relative to county matters is at a standstill," said Mr. Chandler, "but we expect that Nez Perce county will soon be informed of the annexation by the governor. Business that should be transacted is now piling up and unless we are given a home soon the county business will be in a congested condition."

Want the Portage Road.
Col. Judson Spofford, president of the Lewiston & Southwestern electric railway, states that the upper country is intensely interested in the building of the portage road at Cello, and the people are eager for information relative to what is being done at Lewiston toward raising the money necessary from this section to insure the construction of the road. The people in every community in which I visited are ready to furnish their portion of the money needed from Central Idaho. The importance of the portage road is fully appreciated by the people of Camas Prairie and the solicitors will have no difficulty in securing subscriptions in that section of the country.—Lewiston Tribune.

Snake River is Booming.
J. B. Bowden has just returned from the Snake river, where he was engaged in doing the assessment work on his copper claims. He says everything in that camp is very lively and that a great deal of work is being done. All are anticipating very prosperous times when the railroad is built from Baker City. Many properties can then be developed and put on the producing list. The weather in that section has been perfect with the flowers in bloom.—Baker City Democrat.

Independence Group Sold.
W. E. Davidson & Co. of Pendleton, and W. W. Reese of Prairie City, have secured the Independence group, an extension of the Dixie Meadows mine, under lease and bond. The Independence shows a 45-foot ledge, carrying good values. A drift will be extended to a point directly beneath some rich surface croppings, which will require a steady winter's work.—Sumpter Daily Miner.

eral Porfirio Diaz, the occasion being his inauguration as president of the republic, to which office he was re-elected last summer. The ceremonies also include the induction into office of Ramon Corral, the new vice president.

The inauguration was the most elaborate in the history of the country. The day was observed as a general holiday, business was everywhere suspended and the people gave themselves up to the enjoyment of the occasion. The inauguration ceremonies took place in the assembly hall of congress in the presence of a notable gathering of army officers, civilian officials, members of the diplomatic corps and many other prominent personages.

The day was ushered in with a salute fired by a battery of artillery, followed by the ringing of chimes. The citizens found the city gaily bedecked with the flags of all nationalities, the Mexican banner, of course, predominating.

The spectacular feature of the day's celebration was a procession of historical and allegorical floats. The floats were representative of the various epochs of Mexican history since the conquest, and of the Indian life of the country prior to the landing of the Spaniards. During the day many games and athletic sports were enjoyed by the vast multitudes. Tonight the entire city will be ablaze with illuminations and there will be band concerts on the principal plazas. The celebration will continue to the end of the week and undoubtedly will be hugely enjoyed by all classes. The festivities include a children's fete, a popular fair for the working classes, and free performances in all places of amusement.

The inauguration today marks the beginning of the 25th year of General Diaz's occupancy of the presidency. It is his seventh term, and it will very likely be his last, as he is now in his 75th year. He was elected in 1876 for the first time, and has served continuously ever since except during the term immediately after his first one, when one of his friends was in office. The constitution was amended then, allowing presidents to be elected for successive terms, and he has been at the head of the government ever since.

Y. M. C. A. CONFERENCE.
Seminary Departments in Session at Richmond.

Richmond, Va., Dec. 1.—Many men of note, including church workers, divines and educators, are gathering in Richmond for the biennial Eastern conference of the American and Canadian Young Men's Christian Associations of the Theological Seminaries. The conference will begin its sessions tomorrow in the Union Theological seminary and will continue until Monday.

The spiritual life of the theological student, colored evangelization, and personal Bible study among theological students are among the topics scheduled for discussion. The attendance promises to be the largest in the history of the association's conferences.
